Psychedelics Symposium

New Tricks for Old Drugs?

Psychedelics Through the Lens of
Science, Treatment, and Policy

Keynote Speakers:

"Challenges and Opportunities in Human Laboratory Study of
Psychedelics" - Dr. Leah Mayo, University of Calgary

"The Impact of Psychedelics on Transcriptional and Splicing
Dynamics in the Prefrontal Cortex" - Dr. Andrea M. Gomez, UC
Berkeley

Other Symposium Speakers: Dr. Katherine Bonson (FDA), Dr.
Tristan McClure-Begley (NIDA), & Drs. Daniele Piomelli,
Xiangmin Xu, Adrian Preda, & Kate Lawson (UCI).

Plus a round table discussion led by Dr. Cameron Carter (UCI)

Join us for FOOD, DRINKS plus T-SHIRT and SWAG giveaway.

Don't miss out!

MONDAY, NOVEMBER 18, 2024

8:00AM - 6:00PM

CNLM HERKLOTZ CONFERENCE ROOM

Translational Science

Psychedelics Through the Lens of Science, Treatment, and Policy

Psychedelics Symposium Agenda

Monday, November 18, 2024
 CNLM Herklotz Conference Room University of California, Irvine

UC Irvine Center for Addiction Neuroscience

TIME	DESCRIPTION
8:00am – 8:45am (45 mins)	BREAKFAST (Swag Giveaway)
8:45am – 8:55am (10 mins)	WELCOME & INTRODUCTIONS – Drs. Stephen Mahler & Christie Fowler, ICAN Co-Directors and Professors, UCI Neurobiology and Behavior
9:00am – 9:25am (25 mins)	SPEAKER – Dr. Tristan McClure-Begley, Chief, Integrative Neuroscience Branch, NIDA <i>“Psychedelic Pharmacology: Possibilities and Products”</i>
9:30am – 9:55am (25 mins)	SPEAKER – Dr. Xiangmin Xu, Professor, UCI Anatomy & Neurobiology <i>“Molecular and neural circuit mechanisms of antidepressant effects of subanesthetic ketamine”</i>
10:00am – 10:25am (25 mins)	SPEAKER – Dr. Daniele Piomelli, Professor, UCI Anatomy & Neurobiology <i>“Is cannabis a psychedelic?”</i>
10:30am – 10:45am (15 mins)	BREAK
10:50am – 11:40am (50 mins)	KEYNOTE SPEAKER – Dr. Leah Mayo, University of Calgary <i>“Challenges and Opportunities in Human Laboratory Study of Psychedelics”</i>
11:45am – 12:10pm (25 mins)	SPEAKER – Dr. Adrian Preda, Professor, UCI Psychiatry & Human Behavior <i>“Pragmatic Solutions for Advancing Psychedelic Therapeutics”</i>
12:15pm – 12:40pm (25 mins)	SPEAKER – Kate Lawson, UCI Graduate Student Researcher <i>“Developing animal models of psychedelic therapy: how good trips lead to good outcomes”</i>
12:45pm – 1:10pm (25 mins)	SPEAKER – Dr. Katherine Bonson, Senior Pharmacologist, Food & Drug Administration <i>“A Regulatory Perspective on the Preclinical and Clinical Abuse Potential Evaluation of Psychedelics”</i>
1:15pm – 2:30pm (1 hr 15 mins)	LUNCH
2:35pm – 3:25pm (50 mins)	KEYNOTE SPEAKER – Dr. Andrea Gomez, UC Berkeley <i>“The impact of psychedelics on transcriptional and splicing dynamics in the prefrontal cortex”</i>
3:30pm – 4:45pm (1 hr 15 mins)	ROUND TABLE SESSION – Chaired by Dr. Cameron Carter, UCI Psychiatry and Human Behavior
4:50pm – 5:00pm (10 mins)	CLOSING REMARKS
5:00pm – 6:00pm (1 hr)	SOCIAL HOUR
